CURRICULUM VITAE

NELSON NYAMWARO NYABUTO

Mechatronics Engineer

PERSONAL INFORMATION

Name:	Nelson Nyamwaro Nyabuto
Date of Birth:	31st October 1994
Nationality:	Kenyan
National ID No.:	31407872
Place of Birth:	Nakuru
Sex:	Male
Marital Status:	Single
Languages:	English, Kiswahili.
Contact Address:	**Home**
	P.O. Box 13544 - 20100, Nakuru,
	Cell. +254 708 787800
	E-mail
	nelson.nyabuto51@gmail.com
Denomination:	Catholic

PROFESSIONAL PROFILE

A young and upcoming **Mechatronics Engineer** with hands-on experience in **industrial electrical/electronic maintenance**, **automation support**, **VFD installation/programming**, and **electro-mechanical systems servicing**. Demonstrated ability to troubleshoot complex machinery, interpret electrical diagrams/manuals, and deliver reliable preventive and corrective maintenance in demanding production environments. Also skilled in **software development and technical support**, bringing a multidisciplinary advantage to modern engineering roles.

CORE COMPETENCIES

- Electrical & electronic troubleshooting, repairs and installations
- Industrial machine maintenance (textile machinery and plant systems)
- VFD installation and programming (ABB, Siemens, Danfoss)
- Preventive maintenance and downtime reduction
- SCADA systems exposure and monitoring
- Mechanical and electrical rig equipment maintenance
- Engineering drawings interpretation and fault diagnosis
- Technical reporting and teamwork in high-pressure environments

---

TECHNICAL SKILLS

Engineering Tools & Software: AutoCAD, KiCAD, Proteus, SCADA Software, KPLC Design Software
Programming / Web: JavaScript, HTML, CSS/SASS, Flask (Python)
Computer Applications: MS Word, Excel, PowerPoint, Internet tools

---

PROFESSIONAL REGISTRATION / MEMBERSHIP

Engineers Board of Kenya (EBK/ERB) – Graduate Engineer (2018)
Membership No.: **B14734**

WORK EXPERIENCE

Engineering Intern – Kenya Airports Authority (Public Service Commission)

17th March 2025 – 16th March 2026

- Assist in design and installation of mechatronic systems and equipment
- Support maintenance operations for **air conditioners, elevators, escalators, chillers, and conveyor systems**
- Support maintenance and monitoring of **generators** at main and sub-stations
- Execute engineering duties assigned by supervisors in line with operational requirements

---

Freelancer (Technical Support & Software Services) – Nakuru

22nd May 2024 – 16th March 2025

- Provided electrical and mechanical technical support to agricultural and industrial clients
- Supported plumbing installation and maintenance for farming operations
- Developed web applications and online content for varied clients

---

Electronic Maintenance Technician – Oriental Mills Limited, Nairobi

22nd February 2021 – 21st May 2024

- Installed, maintained and repaired textile machines including **jacquard label machines, weaving machines and shoelace machines**
- Diagnosed electrical and electronic faults using machine manuals and wiring diagrams
- Reduced equipment downtime by an estimated **20%** through efficient troubleshooting and faster restoration of service
- Installed and programmed **Variable Frequency Drives (VFDs)** including ABB, Siemens and Danfoss

---

Freelance Software Developer / IT Support – Mombasa

29th February 2019 – 20th February 2021

- Developed front-end systems using **JavaScript, HTML and CSS/SASS**
- Built back-end solutions using **Flask (Python)**
- Delivered IT support services including software installations, hardware repairs, scanning and printing support

---

Electrical Technician Intern – Apex Steel Industry, Nairobi (Athi River)

10th September 2018 – 28th February 2019

- Supported maintenance of industrial electrical systems including **control panels, motors, cranes and milling machines**
- Assisted with installation and upgrade support for **SCADA systems** (tube mills)
- Performed general plant electrical maintenance and troubleshooting tasks

Engineering Intern / Attaché – Geothermal Development Company (GDC), Nakuru

18th June 2018 – 07th September 2018

- Maintained mechanical and electrical rig systems including **generators, compressors and boosters**
- Supported operational safety through housekeeping and routine rig inspections
- Gained exposure to drilling systems: power, hoisting, circulating, rotary and well control systems

---

Quality Assurance Clerk / Polling Centre Clerk – IEBC, Nakuru

8th August 2017 – 26th October 2017

- Verified voter registration details and ensured polling station readiness
- Supported ballot issuance and assisted in tallying/counting processes after voting

---

Engineering Attaché – Kenya Power & Lighting Company (KPLC), Nakuru

11th January 2016 – 31st March 2016

- Participated in transformer maintenance, testing, fault diagnosis and commissioning
- Assisted in protection systems work: relays, circuit breakers, CTs/VTs and DC systems
- Supported substation maintenance, earthing and HV/LV line operations
- Supported LV domestic wiring inspection and HV/LV designs using KPLC design software

---

EDUCATION

Dedan Kimathi University of Technology | 2013 – 2018
Bachelor of Science in **Mechatronic Engineering** *(Second Class Honors)*

Utumishi Boys Academy | 2009 – 2012
Kenya Certificate of Secondary Education (KCSE)

Baraka Boys Primary School | 2005 – 2008
Kenya Certificate of Primary Education (KCPE)

TRAINING / SHORT COURSES

- Modern Javascript from the beginning – Udemy (June 2020)

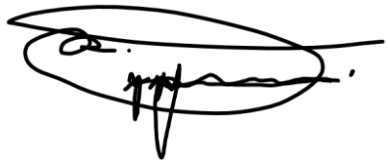
REFEREES

Eng. Jared Ngeno – Rig Supervisor, Geothermal Development Company
+254 727 275002 | jkiplangat@gdc.co.ke

Eng. Kimwaki – Engineer, Kenya Ports Authority
+254 732860645

Eng. Maiteka Andrew – Akamonyo Enterprise
0721 464087 | manmaiteka@yahoo.com

Signed:



Nelson Nyamwaro Nyabuto
